

Become a Hidden Cave Tour Guide!

Are you interested in history, archaeology, geology, geography or a little bit of everything? The Churchill County Museum and Bureau of Land Management (BLM) are seeking volunteer Hidden Cave Tour Guides! No experience necessary, training will be provided.

Hidden Cave Tour Guides:

- Must be 18 years or older
- Must be able to walk a moderate one-mile hike on uneven terrain during various weather conditions
 - Must be able to adjust to the harmless pungent ammonia smell within the cave
 - Must be able to operate a gas-operated generator (instructions will be provided) and lift gas can weighing up to 20lbs
 - Must have own Transportation

About Hidden Cave Tours:

Hidden Cave is a prehistoric archaeological site within the Grimes Point Archaeological Area that reveals thousands of years of geologic and human history. Tour guides will direct classes, clubs, organizations, or other groups to various sites along an established path. They will provide information on the site and be responsible for unlocking/locking the cave door and providing power to the cave via generator. Tours usually last 1.5-2.5 hours.

Volunteer applications available at the Churchill County Museum's front desk or website (ccmuseum.org). Please return completed applications to the museum in person, or email them to education@ccmuseum.org. Selected applicants will be contacted for an interview and training by the BLM. After training, the Churchill County Museum will oversee scheduling of available tour guides on an as-needed ongoing basis.
